

Training and Placement: Annual Report

A.Y 2015-16

Introduction: The Training and Placement Cell is an integral part of the PCE Institution. The PCE management is fully invested in providing sound infrastructure and human resources to maintain the Training and Placement Cell and the resulting opportunities the cell provides to students of the College. The Cell's primary objective is to provide training and placements to college students: organized activities take place throughout the academic year both in the college and the local area. Students are led to take the initiative to develop their attitude in the workplace, soft skills and are given the opportunity to develop technical skills alongside analytical capabilities. The Training and Placement Cell aims to expose students to the nature of the corporate world therefore providing insight to their future professional careers.

Management: Training and Placement cell is headed by One Head Training and Placement Officer supported by six Departmental Placement Coordinators from Computer Engineering, Information Technology, Electronics Engineering, Electronics and Telecommunication Engineering, Automobile Engineering and Mechanical Engineering respectively and Two office Assistants.

A. Highlights of the training and placement activities:

B. Industry Interaction for Training

Different inhouse and outsourced industry training programs are regularly arranged to bridge the gap between Industry and Academia, to make the student industry ready various cutting edge programs like Jav , Python, Machine Learning , CAD CAM, Circuit designing, Solar making are conducted in house by the department faculty members.

Institute is having Tie-up with training agencies to train the students in Aptitude and Softskill by Campus credentials, Berklays,

Internships for students: Institute encourage the students to take the internship at various companies/ organizations. Placement cell is providing all necessary help to give internship support to all interested students.
