

Training and Placement Cell : Annual Report

A.Y 2018-19

Introduction: The Training and Placement Cell is an integral part of the PCE Institution. The PCE management is fully invested in providing sound infrastructure and human resources to maintain the Training and Placement Cell and the resulting opportunities the cell provides to students of the College. The Cell's primary objective is to provide training and placements to college students: organized activities take place throughout the academic year both in the college and the local area. Students are led to take the initiative to develop their attitude in the workplace, soft skills and are given the opportunity to develop technical skills alongside analytical capabilities. The Training and Placement Cell aims to expose students to the nature of the corporate world therefore providing insight to their future professional careers.

Management: Training and Placement cell is headed by One Head Training and Placement Officer supported by six Departmental Placement Coordinators from Computer Engineering, Information Technology, Electronics Engineering, Electronics and Telecommunication Engineering, Automobile Engineering and Mechanical Engineering respectively and Two office Assistants.

A. Highlights of the training and placement activities:

Placement cell regularly conducting following activities :

1. Industrial Visits
2. Guest Lectures by experts from Industry, Research and Academic Institutes
3. Career Guidance and Higher Studies

4. **Personality Development Classes**
5. **Training for Aptitude Tests**
6. **Mock Tests and Interviews**
7. **Training on Technical Skills.**
8. **Seminars and Workshops**

1. Industrial Visits

Computer and IT Engineering

Year	Date	Name of the Industry	No of Students	Details
2018-2019	12th March	Visit to Cyber Crime Laboratory	15	The visit to Cyber Crime Laboratory at Navi Mumbai helped students to understand Cyber Crime, its prevention and detection. Students were briefed about the cases related to cyber crime and how they were dealt with.
	28th to 29th March 2019	CSI Industrial Visit	149	The visit to CDAC Pune and Opulent Infotech, Pune helped students to have informative and interactive sessions on Virtual Reality, IOT based products for agriculture and Digital Marketing. Students got the opportunity to see India's first Parallel Super Computer PARAM.

B. Industry Interaction for Training:

Different inhouse and outsourced industry training programs are regularly arranged to bridge the gap between Industry and Academia, to make the student industry ready various cutting edge programs like Java, Python, Machine Learning , CAD CAM, Circuit designing, Solar making are conducted in house by the department faculty members.

Institute is having Tie-up with training agencies to train the students in Aptitude and Softskill by Campus credentials, Berklays,

Internships for students: Institute encourage the students to take the internship at various companies/ organizations. Placement cell is providing all necessary help to give internship support to all interested students

The following is the internship details for Academic Year 2018-2019.

On Campus Placements: PCE is a thriving recruitment hub with established national and international companies regularly seen on campus. Our Training and Placement Cell works in accordance with the changing corporate sector to provide competitive and comprehensive training for our students. Through PCE's revered connections with global recruitment industries candidates may enter the workplace in a prepared and competitive state of mind. The Training and Placement Cell has facilitated the recruitment of a large number of engineers through several joint campus ventures with companies such as Accenture, Capgemini, Persistent, Wipro, Tech Mahindra and many more.
